Project Title :- Co-olx : college ka olx

Project Glimpse :-

A portal for student of NITT where they can interact and sell/donate their stuff which are of no longer use to them.

Project Description :-

Only by giving are you able to receive more than you have. Every year when senior leave the campus, they have a lot of stuff which are of no use to them like books, cycle, electric appliances, etc. So, we provide a portal for them where they can upload such items on the site and can sell/donate to their fellow juniors from other department as well. This will encourage the reusability of stuff and lessen the wastage.

Target Features :-

- Student/staff can buy and sell easily through a Portal within the campus.
- Discover deals and buy from verified people in your campus.
- Focused on C2C model.
- Strictly for the students of this campus.

Advantages :-

- Reusability
- Cost efficient
- Wider audience
- Casual atmosphere

Future Scope :-

- We'll implement it in every college and other industrial campus.

Limitations :-

- Quality of the product is not assured.
- There can be a delay in response.
